**Medlife Production Trading Co, Ltd.**

Address: No. 94, Thanh Xuan 43 Street, Thanh Xuan Ward, Dist 12, HCMC

Email: [info@medlifeco.com](mailto:info@medlifeco.com)

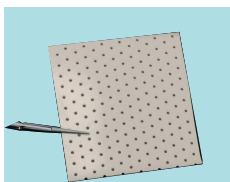

Website: <https://www.medlifeco.com>

Phone: (+84-28) 6685 9495

Besides standard products, we also supply the thermoplastic sheets.

It'll be more convenient and can be used for special application such as other parts or your Pets.

The color, perforation and other sizes, can be customized based on the order quantity.

### About us

*MEDLIFE Company was established in 2019. The company specializes in manufacturing and trading plastic materials and equipment for medical and other fields.*

*With a team of leaders with more than 20 years of experience in the plastic industry and plastic products, Medlife wishes to gradually build and develop the company on a high-class foundation - technological development, creativity, and efficiency for each product.*

### Vision:

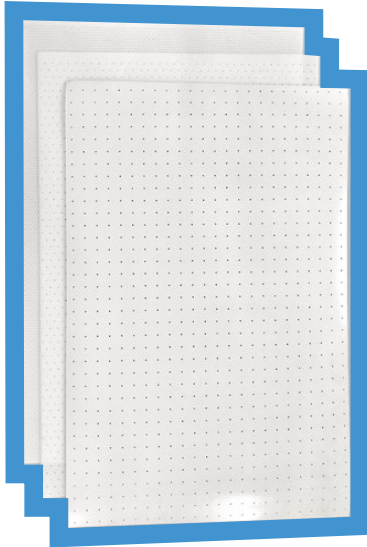

*Become the leading R&D and Manufacturing medical equipment company in Vietnam, that provides the highest quality and technologically advanced equipment at an affordable price.*

### Mission:

*Research and Produce Medical equipment Products from Biodegradable polymer that can contribute to Environment protection, and also create effective products to assist medical professionals in improving their patient's experience during treatment.*

# LOW TEMPERATURE THERMOPLASTIC Made from Degradable Biopolymer

# Series B: Radiotherapy Masks

The thermoplastic sheets

## Low Temperature

- This is a type of semi crystalline polymer. It has the melting point 59°C - 64°C.
- The glass state temperature is -60°C.
- So, it's easy for using and working in low temperature (heating by water bath ~64 °C).

## Easy Shaping

- This polymer is very flexible, workable and bio-compatible.
- When it's in working state ( ~64 °C ), it's flexible for deformation with each application.
- After decreasing temperature (under soft state), we have a solid state (mold) with stretching resistance.

## Repeatability

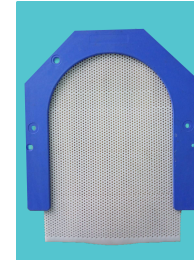

- This polymer has the shape memorized function. Therefore, this products have been deformed and fixed would return to its initial shape after heating again.

## 3 PRODUCT SERIES

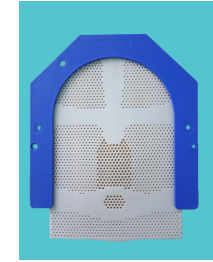

Series A	Orthopedic Splints
Series B	Radiotherapy Masks
Series C	Thermoplastic Sheets

## U-Frame Head Mask

(Code: MLB1)

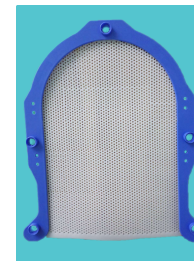

Type: Normal  
Color: White  
Thickness: 2.4 mm/ 3.2mm  
Weight: 217 g  
Perforation: 21 %

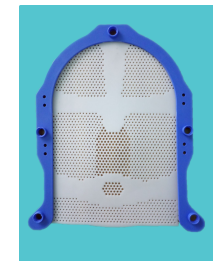

Type: Reinforced  
Color: White  
Thickness: 2.4 mm/ 3.2mm  
Weight: 246 g

## S-Frame Head Mask

(Code: MLB2)

Type: Normal  
Color: White  
Thickness: 2.4 mm/ 3.2mm  
Weight: 180 g  
Perforation: 21 %

Type: Reinforced  
Color: White  
Thickness: 2.4 mm/ 3.2mm  
Weight: 204 g

Products can be customized as requested. Please contact MEDLIFE for information.

# Series A: Orthodepic Splints

Name: Ankle Foot Splint  
Code: MLA9  
Thickness: 4.0 mm  
Weight: 432 g  
Perforation: 3 %  
Color: Ivory White

Name: Ankle Foot Precut Splint  
Code: MLA10  
Thickness: 4.0 mm  
Weight: 610 g  
Perforation: 3 %  
Color: Ivory White

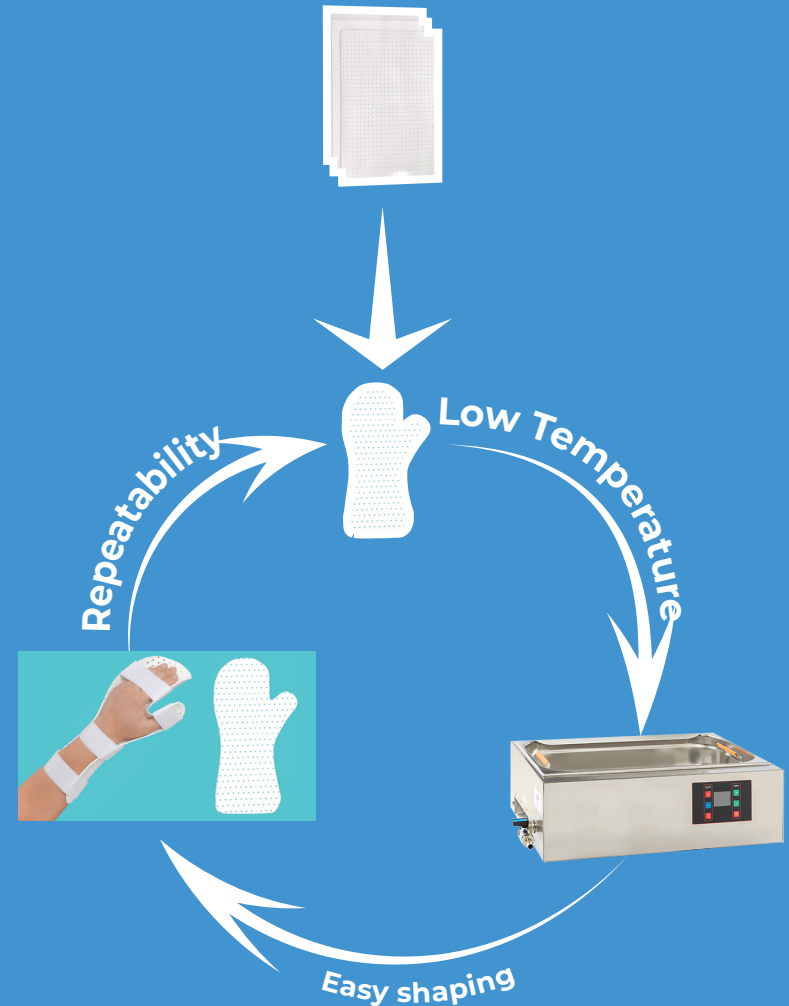

Name: Knee & Ankle Immobilization Splint  
Code: MLA11  
Thickness: 4.0 mm  
Weight: 733.5 g  
Perforation: 3 %  
Color: Ivory White

Name: Anti-Foot Drop Splint  
Code: MLA12  
Thickness: 4.0 mm  
Weight: 214 g  
Perforation: 3 %  
Color: Ivory White

# CYCLE USING

*The cycle using of the low temperature thermoplastic*

# Series A: Orthodepic Splints

# Series A: Orthodepic Splints

Name: Tubular Finger Splint  
Code: MLA1  
Thickness: 2.4 mm  
Weight: 40.5 g  
Perforation: 3 %  
Color: Ivory White

Name: Gauntlet Thumb Splint  
Code: MLA2  
Thickness: 2.4 mm  
Weight: 50.5 g  
Perforation: 3 %  
Color: Ivory White

Name: Functional Position Splint  
Code: MLA5  
Thickness: 3.2 mm  
Weight: 151.5 g  
Perforation: 3 %  
Color: Ivory White

Name: Radial Bar Wrist Cock-Up  
Code: MLA6  
Thickness: 3.2 mm  
Weight: 128.5 g  
Perforation: 3 %  
Color: Ivory White

Name: Wrist Spica Splint  
Code: MLA3  
Thickness: 3.2 mm  
Weight: 193.5 g  
Perforation: 3 %  
Color: Ivory White

Name: Resting Pan Mitt Splint  
Code: MLA4  
Thickness: 3.2 mm  
Weight: 168.5 g  
Perforation: 3 %  
Color: Ivory White

Name: Wrist Cock-up Splint  
Code: MLA7  
Thickness: 3.2 mm  
Weight: 147 g  
Perforation: 3 %  
Color: Ivory White

Name: Elbow & Wrist Immobilization  
Code: MLA8  
Thickness: 3.2 mm  
Weight: 313 g  
Perforation: 3 %  
Color: Ivory White
